

A smartphone is shown at an angle, displaying an app interface. The background of the entire image is a vibrant orange surface with a large, colorful, abstract sculpture made of thick, curved plastic tubes in shades of blue, green, and orange. The app screen shows a video of a woman speaking, with text below it indicating the phoneme /l/ and its acquisition age. At the bottom of the screen are three buttons: 'Video', 'Som', and 'Voltar'.

Fonema /l/
Idade máxima de aquisição do fonema:
4 anos
